

## JOURNAL OPEN ACCESS STATEMENT

Regional Statistics is committed to real and immediate open access for academic work. All of the journal articles are free to access immediately from the date of publication. There are no charges for authors prior to publication, and no charges for readers to download articles and reviews for their own scholarly use. To facilitate free access, Regional Statistics depends on the financial underwriting of the Hungarian Central Statistical Office, the goodwill of its editorial team, and the continuing support of its network of peer reviewers.

Copyright of the layout and design of Regional Statistics articles remains with the journal and cannot be used in other publications.
